

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jtd-19-3790 .	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	The study has begun in 2010 and at this date some raw data (as sequencing data) were kept only in paper format, no electronic format. The request to obtain some clinical data (as the treatments that patients received) are nominated and all collected data are in excel format with some information which permit to recognize the patient (as birth date, date of surgery, date of death). Ethical committee of Lyon university hospital will not permit us to share these data.
3	What data in particular will be shared?	-
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	Some specific data concerning molecular position of some rare EGFR mutations could be obtained on specific request.

10	Any other restrictions?	-
