

Data Sharing Statement

Article Info	Article information: http://dx.doi.org/10.21037/jtd-20-1557A .	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The expression data of FRAT2 in BLBC patients was valuable for the further research on the molecular mechanism of FRAT2 for being a potential treatment target.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan, informed consent form will also be shared if request.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Medical oncologists and breast surgeons who are interested in studies of FRAT2.
8	For what type of analysis or purpose?	For verify the role of FRAT2 as a potential target for BLBC treatment.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: yfylitaiyuan@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
