

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/jtd-20-3147	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes, I can share partial data with others.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data about MBSG group, part of data about the novel localization needle group.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the date may be updated over time.
7	To whom will you share the data?	Those who are interested in studies of CT-guided localization techniques of small pulmonary nodules.
8	For what type of analysis or purpose?	Clinical trial about the localization techniques.
9	How or where can the data/documents be obtained?	Please contact with my e-mail: drkkg@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared. We must have the right to say "NO".
