

## Data Sharing Statement

<b>Article Info</b>	http://dx.doi.org/10.21037/jtd-20-2787.	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Survival data, quantitative measurement of MSI2 expression in the tissue samples (H-scores) and results of correlative analysis between MSI2 expression and overall and progression free survival.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and thoracic surgeons who are interested in studies of MSI2.
8	For what type of analysis or purpose?	Retrospective clinical studies.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: alexander.deneka@fcc.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that would be shared.
